Company Profile

The Passim Marquee was started in this name and style in the year of 2000, when experience and enthusiasm joined hand to fulfill their compassions and aspirations to create niche in this industry.

The experienced hand of the company started his life from scratch and joined the field of sales where his passion for work rewarded him well and established him as best sales person through out his career. The energy and desire to achieve more led him to start his own trading and liaison concern that helped many small to big companies in establishing themselves in the trade and the institutions.

As life keeps moving and values prevails with them, the zealous next generation was growing in his shadow, followed his footprints and started learning from the field and his experience, came out with new ideas and started this new establishment who left their marks in the field too. Now with same aptitude and attitude company is moving ahead and has started its marketing company **Passim Medica** wherein we are providing you the Best quality formulations manufactured under WHO-GMP and ISO 9001-2008 standards.
